ACCEPTANCE OF RULES:

The BCMC 2010 Exhibitor Rules (the "BCMC Rules") are specifically incorporated into and made part of each exhibitor's Application and Contract for Exhibit Space accepted by BCMC 2010 (the "BCMC Contract"). As a condition to a BCMC Contract each exhibitor agrees to fully comply with the BCMC Rules.

ROLE OF BCMC COMMITTEE: The BCMC Committee (the "Committee") is appointed by the Structural Building Components Association ("SBCA"). All BCMC Rule infractions and violations (referred to as either "infraction" or "violation") shall be reported to the Committee. The Committee shall also be responsible for monitoring show floor activities and reporting all infractions to the SBCA Executive Committee (the "Executive Committee").

ROLE OF THE EXECUTIVE COMMITTEE: The Executive Committee shall interpret and enforce the BCMC Rules.

EXHIBITOR CODE OF ETHICS: The goal of all that participate in BCMC 2010 is to provide the most professional and honorable trade-show possible. Thus, it is incumbent on all exhibitors to aid in the enforcement of all BCMC Rules and to immediately report violations of any BCMC Rule to the Committee. Each exhibitor shall furthermore designate a representative who shall be responsible for overseeing and ensuring that the professional spirit of BCMC 2010 is maintained and enhanced.

EXHIBITOR SPONSORSHIP ETHICS: All exhibitors that choose to support or participate in any BCMC 2010 sponsorship opportunity shall be allowed to do so without infringement by other exhibitors. Any infractions shall be immediately reported to the Committee.

RULE VIOLATIONS: Any exhibitor in violation of the BCMC Rules shall take immediate corrective action upon notification by either the Committee or the Executive Committee. For each day of BCMC 2010 that a violation exists unabated, such exhibitor shall be subject to an additional charge of up to \$5,000 per day as determined in the discretion of the Executive Committee. If the violation continues unabated for greater than one day of BCMC 2010, in addition to any additional charge that is imposed, the exhibitor's right to exhibit for BCMC 2010 or in the future may be terminated as determined in the discretion of the Executive Committee.

OTHER REMEDIES: Other remedies available to the Executive Committee for violation of the BCMC Rules shall include the loss of discount privileges for subsequent BCMC shows or SBCA sponsored conferences, ineligible-

ity for admission to exhibit in future BCMC shows and/or the loss of future eligibility to serve on the Committee.

UNPAID RULE VIOLATION CHARGES: All companies that have any unpaid amounts due SBCA, whether for BCMC Rule violations or otherwise, shall not be permitted to exhibit at any future BCMC show or SBCA sponsored conferences until such unpaid amounts have been paid in full.

EXHIBIT SPACE

ASSIGNMENT OF EXHIBIT SPACE: Exhibit space assignments for BCMC 2010 shall begin on May 1, 2010. Exhibit space is allocated in the sole discretion of the Committee. The following factors among others are used by the Committee in allocating exhibit space: membership status within SBCA; **Structural Building Components Magazine** advertiser status; the date the Committee receives the proposed BCMC Contract and the required deposit; the size of the booth requested by the exhibitor; previous exhibitions at BCMC shows or SBCA sponsored conferences; and marketplace and competition issues. BCMC Contracts received after May 1, 2010 will be assigned as received. Notification of space assignments will be made following Committee selection.

BOOTH SIZE CHANGES: Any request to increase a booth size must be submitted in writing to BCMC 2010 along with the required deposit for the increased booth size. The charge for additional booth space will be based on the then current pricing schedule. Acceptance will depend on show floor availability and may be conditioned on a change of the location of the booth on the show floor. An exhibitor may choose to reduce its booth size after the cancellation deadline (as defined below), but in that event the exhibitor shall remain responsible to pay the original amount set forth in the BCMC Contract.

EXHIBIT CONSTRUCTION: Booth dimensions **MUST** be in increments of 10'.

For 10'x10' or longer 10'x XX pipe and drape booths, no part of a display shall: (1) be higher than 3', (2) be located within 5' of an aisle, and (3) disrupt sight lines through any individual booth to the booth(s) beyond. Any part of the display over 3' in height that would substantially block sight lines must be confined to the rear portion of the booth, with a maximum height of 8'. Standard 10'x10' booths will be provided with an 8' high background curtain and 3' high side-rails. When exhibiting a trailer, crane, or forklift, the TRAILER/EQUIPMENT EXHIBITS rules set forth below shall apply.

For booths that are 20'x20' minimum and located on an exterior wall, the specifications shown above for 10' x XX booths are acceptable.

For booths that are 20'x20' minimum and are not located on an exterior wall, any part of the display over 3' in height that would substantially block sight lines shall: (1) be confined to the center of the booth floor area, (2) be no closer than 5' from any aisle, and (3) shall not exceed a maximum height of 8'.

All property contained within a booth, including all machinery, machinery handles, cords etc. (the "Booth Space"), must in no way protrude into show floor aisles. Machinery and/or equipment that contain moving parts must also remain within the Booth Space at all times. For aspects of the booth that are close to the aisle and contain a trip, run-into or moving part hazard, it is the responsibility of the exhibitor to cordon off the area in a very visible and entry preventing manner (e.g. stanchions, fencing, yellow tape, etc.), the sufficiency of which shall be determined by the Committee in its discretion.

Exhibitors are responsible for hazard markings within their booth.

If an exhibitor chooses to carpet a booth space, the carpeting must be in like-new condition acceptable in the discretion of the Committee.

No banner shall be hung inside a booth space unless the bottom of the banner is at least 15' from the floor.

Bolting of machinery to the floor is prohibited, unless otherwise approved by the BCMC 2010 Convention Center.

TRAILER/EQUIPMENT EXHIBITS: The following additional rules shall apply with respect to all Trailer/Equipment exhibits:

When determining booth size it is important to allow enough space to ensure the equipment fits into the allotted space and not disrupt sight lines.

In the event the trailer(s)/equipment(s) fully occupies the booth space, exhibitor must contract for a 10'x10' at one end of the trailer or equipment providing an area within the booth space for attendees to congregate and conduct business.

No Trailer/Equipment exhibitor shall stack trailers or pieces of equipment.

NOISE: Any machinery, device or sound system used in whole or in part to demonstrate equipment, focus on booth space activity, provide entertainment or used in conjunction with any exhibit shall not exceed the legal noise limits or requirements of the BCMC 2010 Convention Center or the city of Charlotte, North Carolina. Additionally, noise or sound emanating from any booth or exhibit space considered to be a nuisance or disruptive to the professional nature of BCMC 2010 as determined in the sole discretion of the Committee, shall immediately be abated.

ACTIVE MACHINERY DEMONSTRATIONS:

To maintain professional show decorum and to avoid disruptions with neighboring booths and for the safety and comfort of show attendees, equipment used for demonstrations must be fully enclosed if there is potential for sawdust or other by-products to be airborne in the facility.

To aid the Committee in placing your booth on the show floor and to ensure your active machinery demonstration will be acceptable on show site, a video with audio, diagram and/or photographs of the equipment that will be used during the show shall be submitted to BCMC at the address set forth at the end of the BCMC Rules. The Committee will review the information and advise of any required changes.

All booth spaces must be large enough to accommodate people viewing booth demonstrations. No exhibitor shall assume the show floor aisles can be used for people to view booth space demonstrations.

PROJECTIONS: If an exhibitor desires to project logos and/or video from within their booth to a convention center exterior wall or screen against a convention center exterior wall it is necessary for their booth to be located on the perimeter of the show floor. A detailed request outlining specifics of the concept to be implemented must be submitted in writing to the BCMC Committee for review and approval. Pricing will be determined based on the request being made.

SAFETY/SECURITY: The Committee reserves the right to summarily suspend or terminate the right of an exhibitor to exhibit within all or a part of an exhibit space for safety or security reasons on a case by case basis in its sole discretion.

NONCONFORMING EXHIBITS: The Committee reserves the right to approve any nonconforming exhibits or requests for exceptions and/or modifications to BCMC Rules on a case by case basis in its sole discretion upon an exhibitor's written request. Each such request, as determined by the Committee, shall be accompanied by proposed floor plan and four-direction side view elevation drawings, at least 45 days in advance of BCMC 2010. Authorization for approval may be conditioned on the approval of adjacent floor space exhibitors.

EXHIBIT SPACE VARIANCE DEADLINE:

Requests for exhibit space variances must be submitted in writing to BCMC 2010 on or before August 1, 2010.

SUBLETTING OR ASSIGNMENT OF EXHIBIT

SPACE: No exhibitor shall assign, sublet or share allocated exhibit space with any person or entity, including any affiliates or subsidiaries of the exhibitor except by written approval of the Committee as determined in its sole discretion. Requests for shared space will only be considered for exhibits greater than 100 square feet. Requests received where there is ownership or an exclusive agreement between the prime exhibitor (as defined below) and sub-exhibitor (as defined below) will be considered without additional cost for separate listings, up to a maximum of one additional free listing per thousand square feet of contracted space. Additional listings are available at a cost of \$200 per listing. If the approval for shared space is granted by the Committee the exhibitor (the "prime exhibitor") and all companies that sublet or share allocated exhibit space (the "sub-exhibitors") shall sign the BCMC Contract and thus shall be bound by all rules and regulations made part of such contract (the BCMC rules); The prime exhibitor will be responsible for the actions of all sub-exhibitors and will be the responsible party as it pertains to compliance with the BCMC rules, including the party responsible for any fees or fines incurred; The prime exhibitor will receive a complimentary exhibitor listing in all BCMC promotions; Each sub-exhibitor sharing space must pay such additional fees and charges as determined by the Committee including a minimum charge of \$3.00 per square foot of the total booth space if such company is to be listed in all BCMC promotions or a minimum charge of \$2.50 per square foot of the total booth space if such company is not to be listed in all BCMC promotions.

Exhibitors shall confine all exhibit activities to the confines of the allocated booth space (including but not limited to signage, carpeting, projections, memorabilia, sales activities, models, etc.). All materials and activities in a booth shall be relevant to the exhibitor's products and/or services as determined in the sole discretion of the Committee. Exhibitors may only hand out literature, pamphlets or promotional materials describing the products and services they provide. Handouts of such literature, pamphlets or promotional materials shall be confined to the booth space allocated to such exhibitor.

Booth activities or materials causing attendees to congregate in the aisles, as determined in the sole discretion of the Committee, shall be prohibited.

The Committee must approve dispensing or serving of beverages or food from any booth. In the event the Committee approves the request; the exhibitor must follow applicable convention hall and catering company rules. Absolutely no alcohol may be provided within a booth space or distributed by an exhibitor. The Charlotte Convention Center Caterer is the exclusive caterer at the Charlotte Convention Center and all food and beverage must be obtained through them.
