The Habitat for Humanity of Charlotte Family Profile Information

## Meet Homeowners Knul Ksor & Ayui Rmah

Knul, Ayui and five of their six daughters currently live in a small three bedroom home in West Charlotte. Knul works at Metrolina Greenhouse, and Ayui stays home to take care of their children, ranging from ages six to 19. Ayui is looking forward to having a yard for the girls to play in and to grow vegetables. Knul and Ayui's oldest daughter moved into her own Habitat home with her husband three years ago. The family is excited to put in their sweat equity hours building their home, and they are so thankful to soon move into their larger more affordable home. We are excited to welcome them into the Habitat family this summer!
